

# 2024 FARM CSA SHARE

## WHAT IS A CSA SHARE & HOW DOES IT WORK?

CSA stands for Community Supported Agriculture. It is a common way for consumers to pre-buy local and seasonal food directly from a farmer at the beginning of the season at a discount. By purchasing a CSA you are investing in our farm and helping us prepare for the upcoming season. Your investment provides us with working capital when it is most needed and in return you get quality pastured-raised meats and eggs at a discount. A share is basically like a subscription / membership to our farm. You simply purchase a share of your choice and you pick-up your meat and eggs at your convenience at any of our farmers market locations!

## HOW DOES THE FARM SHARE CARD WORK?

Choose a Farm Share card option above and you will receive a pre-loaded card with your credit amount, which includes an added **FREE bonus share dollars!** Then use the card like a gift card/debit card and spend it on any of our available inventory (chicken, pork, turkey, beef and eggs!) at any of our farmers' market locations or our home delivery service. **You can start using your card on June 1, 2024.** Purchases made will be deducted from your card. It's that simple! You do not have to come every week - you simply buy as you need! **The only requirement is all funds must be spent by December, 31 2024, as nothing will be carried into the next season/year.**

## PLEASE SIGN:

I understand I am committing to DaSilva Farm 2024 CSA Share Program. I understand it is my responsibility to fulfill my share December 31, 2024, as the share benefits do not get carried over into the next year / season.
